  1. PA13/01033. The existing front door is in extremely bad disrepair. We propose replacing this with a hardwood door of 5 panel traditional design with raised and field panels. We feel this would enhance the appearance of this historic building and town (the existing door is not in keeping with the age of the property). Furthermore the proposed replacement door is the same style as that of an external door in the same building. The doorframe and the panel to the left hand side of the door would be repaired (like for like) as part of these works. Flat 1, Albert Quay
